ARRIVAL INFORMATION

The seminar rooms are located in Berlin-Wedding. Within walking distance of 14 Minutes to north central Station S+U Gesundbrunnen, were many long-distance trains arrive and depart. From there you can reach the central station and the airport directly. The U8 underground station Voltastraße is only 450 m apart.

The unicorn Co-Working Offices are reachable over the courtyard. The entrance to the courtyard is located at the DW entrance Voltastraße 5 or at the Sparkasse Entrance Voltastraße 3 through the gate. There are several visitor parking spaces available in the courtyard. Parking is free for 40 minutes. After that, the hour costs € 2.00. Please bring cash, as card payment is not possible.

HOTEL SUGGESTIONS:

Alongside the U8 are many interesting hotels available. We suggest either Hotels direct at S+U Gesundbrunnen or at the other hand around the Rosenthaler Platz in the middle of crowded Berlin:

Hotel Citylight BERLIN, Böttgerstraße 23, 13357 Berlin, <https://citylight-hotel.de>

THE CIRCUS HOTEL, Rosenthaler Straße 1, 10119 Berlin, Germany, Phone:+49(0) 30 20003939, <https://circus-berlin.de>

TRAINING HIGHLIGHTS

We demystify the ESD voodoo and show clearly and simply why ESD protection is important and leads to cost savings when applied in a technically sensible way.

Basics

The content of the 3-stage training is based on the standards of the IEC 61340 series and the RL1011 "Recommendation for the structured training of ESD specialists" of the working group of the ESD Forum, presented at the ESD Forum 2009 in Munich and the ESD Workshop 2010 in Frankfurt. The seminars ESD Assistant (January, 28th), ESD Responsible/Technician (29th) and ESD Coordinator (30th) build on each other.

SEMINAR SERVICES

All prices include the seminar documents and a confirmation of participation or, after a successful examination, a certificate of participation, a business lunch, as well as drinks and snacks during breaks. **The overnight stays are not part of the seminar price.**
